BISHOP DR. DAVID E. TOMPKINS
 FOUNDER/SENIOR PASTOR

From the Pastor's Desk

Bible scholars believe David was twenty years-old when the prophet Samuel told him he would be king of Israel. (I Sam 16:13) To David's surprise, he did not actually become king until ten years later when he was thirty years-old. (II Sam 5:4) When God gives us a promise, it's natural to assume He'll manifest it immediately because we know He's able to do it. But

the Bible tells us God's timing is not our timing (Isa 55:8) and He won't allow any promise to come to pass until we're ready to receive it. Therefore, I've come to realize faith in God is a required to receive the favor of God. If you're waiting for God to move in your life, use this opportunity to draw closer to Him and praise Him for using you as a vessel to give Him glory.

Bishop Dr. David E. Tompkins, Sr.
